FIG 1

Frese SIGMA Compact DN15 - DN50

FIG 2

Frese SIGMA Compact flow rate graph - DN 15 Low

Frese SIGMA Compact flow rate graph - DN 15 High

Frese SIGMA Compact flow rate graph - DN 20 Low

Flow rate graphs for different diameters:
- DN 15 Low
- DN 15 High
- DN 20 Low

Pre-set values:
- Kv (m³/h)
- min. Δp (kPa)
- Flow (l/h)

Graphs show the relationship between Kv and min. Δp for different flow rates.
Frese SIGMA Compact flow rate graph - DN 20 High

Frese SIGMA Compact flow rate graph - DN 32

Frese SIGMA Compact flow rate graph - DN 25 Low

Frese SIGMA Compact flow rate graph - DN 40

Frese SIGMA Compact flow rate graph - DN 25 High

Frese SIGMA Compact flow rate graph - DN 50
